RENOVATION
TIPS AND CHECKLIST

This checklist is merely an overview. Each reno is a custom job with its own unique challenges and desired outcomes. Adora Kitchens has more than 30 years experience in kitchen renovations. You can rely on us to help guide your project to a successful outcome.

1. MAKE A GOOD PLAN

The surest way to get what you want is to know what you want.

- ❑ Scrapbook your dream cabinetry ideas
- ❑ Clip and save ideas
- ❑ Take photos
- ❑ Take measurements
- ❑ Set a budget

2. FASHION AND FUNCTION

Your new reno will look great and it will make your life easier too. Write down some of your style and lifestyle goals and Adora's consultants will make sure your new kitchen has you covered from all angles.

- ❑ Set some goals for your reno
- ❑ Browse our website for ideas
- ❑ Talk to an Adora Kitchens cabinetry consultant
- ❑ Talk with other trades who may be involved with the reno (plumbers, electricians, painters, etc.)

3. FINE TUNE THE PLAN

Let the fun begin. This is the part everyone loves, where your new kitchen begins to take shape.

- ❑ Pick colours
- ❑ Pick door styles
- ❑ Pick countertop colours
- ❑ Pick handles
- ❑ Make sure the plan is what you want
- ❑ Provide appliance sizes or manufacturers specs to Adora
- ❑ Make Adora aware of flooring details

4. PLACE YOUR ORDER

This might seem like the easiest step of the bunch, but take a moment to make sure everything is as you like it. Changes after this point add expense and cause delays.

5. HOMEWORK

There's homework we like and homework we don't like. This is homework you'll love because you're so close to having a new kitchen you can almost taste it. But don't rush, completing all these steps will help ensure a successful reno.

- ❑ Remove and disconnect sinks
- ❑ Remove and disconnect dishwasher
- ❑ Remove all existing cabinets
- ❑ Remove all existing fixtures
- ❑ Remove old tile
- ❑ Complete any electrical or plumbing alterations
- ❑ Repair drywall
- ❑ Paint
- ❑ Clean and prepare work space for installers
- ❑ Shut off water on the installation day
- ❑ Have sink templates available
- ❑ Have slide-in range or countertop range on site
- ❑ Tile (best done after cabinet installation)
- ❑ Install flooring (best done after cabinet installation)

NOTES

Adora
Kitchens & Cabinetry
the best for you.
